Surronding neighbors in the bermuda triangle everyone else has been apologetic for the
behaviour of these neighbores.

The conspire to harass, come to court and tell lie after lie.

Malign my character , when
out righ lie about events

Thomas goal was to get me arrested and he would stop at nothing.

I have had rocks throuwn at my house, He has destroyed our mail box, harassed us by
parking his vehicles in our drive way, and

They have misued the court system to terrorize me and my family.

City of Bowie
Snow plow ,

Make it seem like he has children when the only one who lives there is he and his wife.
He put up video cameras , after living in the propery for 11 years he decide to put up
video cameras after we spent over 8,000 on trees to block his girlfriend Veronica's
views.(As she mentioned in court not all views are blocked. We still have one more tree

to plant, unfortunately Veronica has terrorized the gardener so , that he does not want to come back. The owner of the nursery died shortly after she sued them. And she continued to go by the nursery to harass his sons.) She even when after my attorney and tried to get him disbarred. She has called the FCC and the police several times until the police wanted to get a warrant to stop her. She only stopped calling the police when Officer Claggett visited her attorney.
